

MOHAMED AL JASAR

IT Undergraduate

ABOUT ME

Passionate about IT and software engineering, I'm captivated by the world of technology. My education in Information Technologies has strengthened my expertise in algorithms and software design. Eager to push boundaries, I navigate life with optimism. Thrilled by future opportunities, I'm excited to shape the future through software engineering contributions.

TECHNICAL SKILLS

Programming languages

- C
- Java
- Python
- PHP
- Javascript

Web Development

- HTML5
- CSS
- Springboot
- Node.js
- Bootstrap
- material UI

EDUCATION

BSC. (HONS) IN INFORMATION TECHNOLOGY,
Faculty of Information Technology,
University of Moratuwa.

2021-2025

G.C.E.ADVANCED LEVEL

KM/TK/Methodist Tamil Maha Vidyalaya,

Economics - A

Mathematics - C

Geography - C

Z-Score - 1.4375

G.C.E.ORDINARY LEVEL

KM/AK/Pottuvil Central College, Pottuvil,
3A's 5B's and C

PROJECTS

INDIVIDUAL PROJECT - WEBSITE FOR HONEY DROPS (CAKE SHOP)

A website application built for Honey Drops Cake Shop includes the ability to order cakes and contact the cake shop via email. I created the logo and pictures myself. The web application was developed using React.js, and EmailJS was utilized to send emails to users.

Github link: [Click here](#)

LEVEL 3 - SUPERMARKET MANAGEMENT SYSTEM (2023)

Implemented a Supermarket Management System with Spring Boot, featuring customer registration, seamless item purchasing, inventory management, order processing, and real-time order tracking. Achieved a user-friendly system with enhanced functionalities. and some more software projects.

Frameworks

- React.js
- Angular
- Express.js

Databases

- MySQL
- SQL Server
- Mongo DB
- PostgreSQL

Version Control

- GIT

Designing

- Figma
- WordPress
- Canva
- Photoshop
- Gimp

METHODOLOGIES

- Agile
- Waterfall
- Scrum
- Rapid Application Development

LANGUAGES

- English
- Tamil
- Sinhala

SOFT SKILLS

- Analytical skills
- Leadership
- Critical Thinking
- Communication
- Teamwork
- Collaboration

INTERESTS

Teaching

Reading

Traveling

LEVEL 1 - HARDWARE PROJECT (2022)

(CHILDREN SAFETY SYSTEM IN SCHOOL BUS)

This project intends to ensure the safety of children when they are using school buses. And it also helps parents ensure whether their child safely arrived at the school or not by sending the SMS/notification to the related parent.

- components used: Atmega32, RFID tag, Reader, GSM, vibration sensor, IR sensor, LCD Display.
- technologies used: C, database(MySql), Atmel Studio, Proteus, Kicad, MPLAB X

PARTICIPATIONS

- CodeRush 2023(coding competition)
- MADhack 2.0 (coding competition)
- Bashaway2022(coding competition)
- Hackathon Extreme 2023

NON-RELATED REFEREES

Dr.(Ms.)Supunmali Ahangama,

Director/undergraduate Studies,
faculty of Information Technology,
University of Moratuwa.

Telephone:0714866652

Email:supunmali@uom.lk

Dr. (Ms.) I T S Piyatilake ,

Senior Lecturer,

Department of Computational Mathematics,
Faculty of Information Technology,
University of Moratuwa.

Telephone:0771174278

Email:thilinis@uom.lk

LEVEL 2 - CUSTOMER AND EMPLOYEE MANAGEMENT SYSTEM (2023)

This CEM system can do CRM and HRM activities of an organization such as leave handling, invoice handling, product management, customer & employee handling, report generalization, email handling, administrating, purchase, and sales management. And I am responsible for generating reports & downloading them as a pdf, sending the invoices automatically through email to the related customer, and feedback handling part of this project. And mentored by 99x.

Technologies used: React.js, Springboot, and MySQL
